I-BEAM
The Structural Series

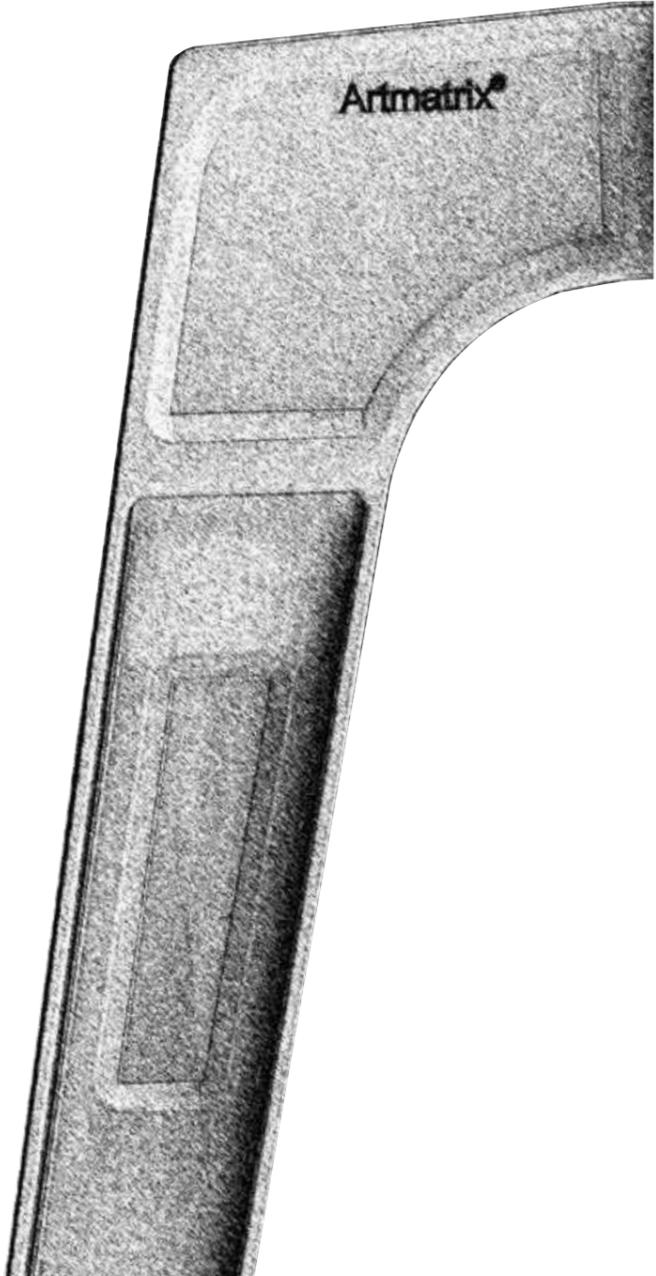

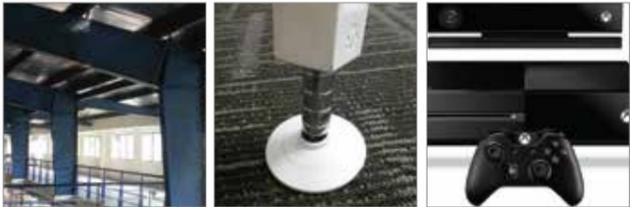

THE STRUCTURAL SERIES

Buildings architectural lines are now held and prop-up by steel reinforced bars and beams. Our design team has been inspired by such design flow and similarly so aptly named as "I-BEAM" the new addition to Artmatrix aluminum leg structures. As the name implies, "I-BEAM" cross-sectional profile is adapted in our new leg. It resonates the robust strong thick lines of steel structures evident in factories and warehouses today. "I-BEAM" hold-up our communication flow with the current Generation-Y whose platform of growth has been vastly influenced by the X-boxes and Playstations. They themselves are familiar with such rustic steel formations and such emotions are now profoundly evident when I-BEAMs were used to float the work pieces.

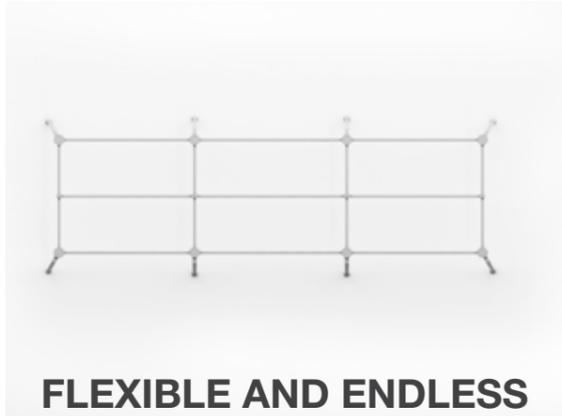

I-BEAM is an open plan system which features with fully aluminium die-cast leg with chamfered groove to emphasize its masculinity and structural strength. The post and beam element of building architecture applies to I-BEAM understructure helps to present a structural framework in the workstation. This system can be combined with any extra accessories such as screen panels, pedestals and cabinets.

I-BEAM UNDERSTRUCTURE

Framework of I-Beam system is presented in aluminium die-cast leg and metal table beam. It uses bolt and nut with connector brackets in the framework for your convenience in configuring the workstation in any shape such as linear, L-shaped, 120 degree and even in cluster design in the workplace.

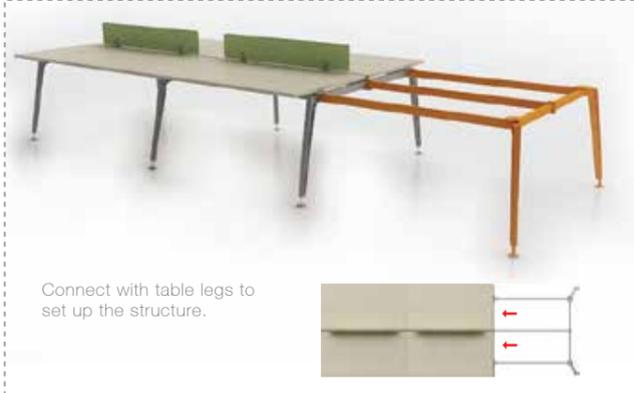

FLEXIBLE AND ENDLESS POSSIBILITIES

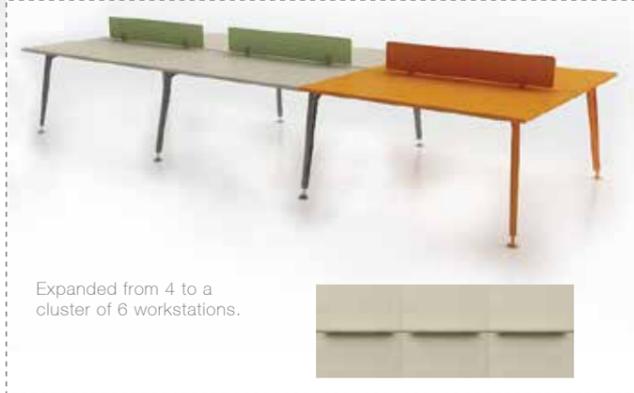

I-BEAM provides endless possibilities and design freedom with our approach creates flexible solutions that change with a customer's organizational needs over time. With I-BEAM, change is no longer costly. I-BEAM enables change to be implemented in an easy, cost effective and sustainable manner through optimal use of space, ease of installation and reconfiguration.

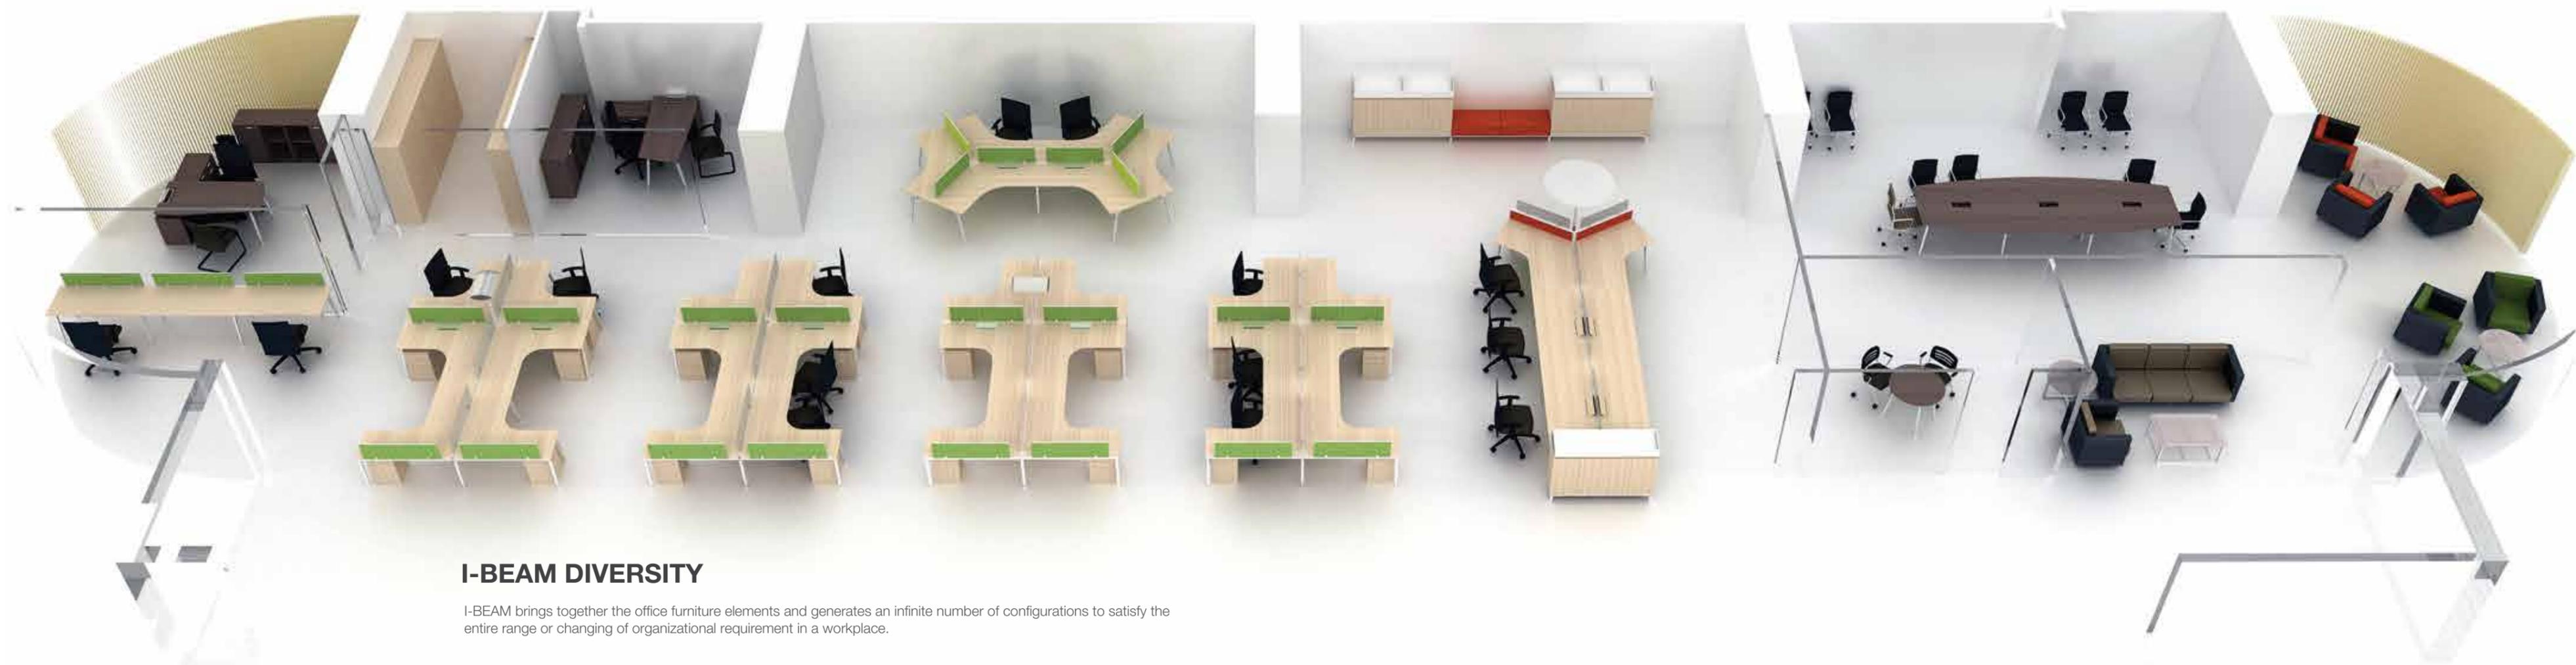

Add on the table beams to the exiting workstation.

Connect with table legs to set up the structure.

Expanded from 4 to a cluster of 6 workstations.

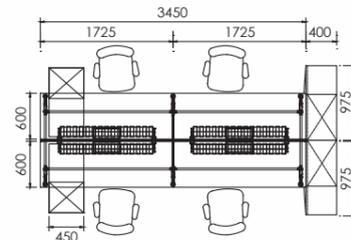

I-BEAM DIVERSITY

I-BEAM brings together the office furniture elements and generates an infinite number of configurations to satisfy the entire range or changing of organizational requirement in a workplace.

COMPACT STORAGE FOR ALL

People need quick and easy access to storage that helps them to manage their work and archive information. I-BEAM designed with integrated storages, allows people to use it for personal or shared basis.

COLLABORATIVE WORKSTATION

I-BEAM facilitates collaborative working whilst also enables people to stay focused on the work. Implementation of privacy screen provides serenity to people to concentrate while working with associates.

BENCH DESK DESIGN

I-BEAM benching solution offers an excellent choice for companies always looking for optimum team space. At the same time, it also provides individual storage and stationary accessories as integral element for people. Power and data is easily accessible on the desk for people.

I-BEAM SYSTEM

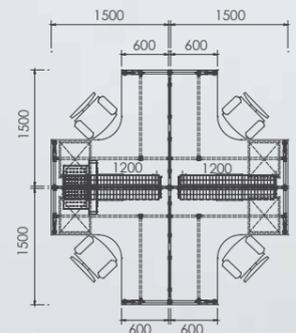

LINEAR WORKSTATION

IDEAL FOR CONTEMPORARY SPACE

I-BEAM comes in cluster design with L-shaped worksurfaces which provides larger individual working surface, is ideal for project teams and work functions that requires larger work spaces.

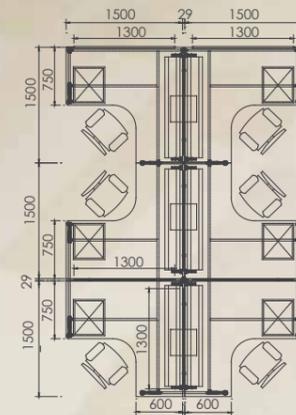

I-BEAM SYSTEM

L-SHAPED WORKSTATION

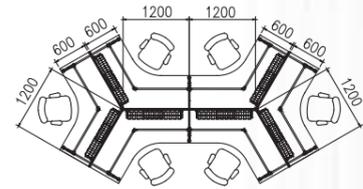

SMART SOLUTIONS FOR INDIVIDUAL AND TEAM WORK

I-BEAM enables shaping of dedicated workplace for privacy of individual task work and availability for collaborative teamwork. Panel set-up on the desk creates privacy space for confidential workspace. Integrated cable management is fully concealed inside wire riser and routed to worksurface for people to access it easily.

TEAMWORK IN THE WORKPLACE

People often require varying degree of interaction and collaboration throughout the day in a team. Implementation of I-BEAM from its simple and structural features in 120 degree workstation provides them a right condition. It supports varied work styles, job function and also encourages discussion between each other.

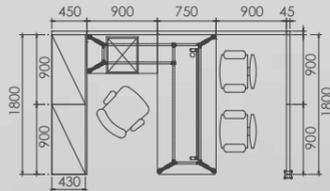

AMBIANCE OF FUNCTIONALITY & STYLE

An I-BEAM executive system combines a generous worksurface with angled chamfered groove leg to float elegantly.

ADEQUATE PRIVACY

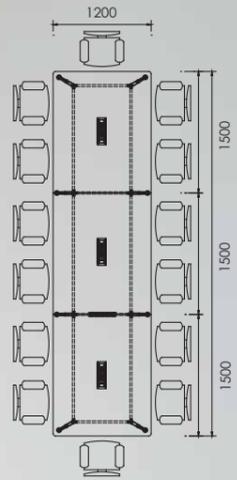

I-BEAM offers an intelligent idea for team managers who work alongside associates. I-BEAM executive system hybrid with Tri-X Plus panel is ideal for people who seek concentration.

IDEAS FLOW WITH A CREATIVE FREEDOM

I-BEAM with its connector features allows it extend its size from a workstation to a large conference table easily. It offers a simple solution in meeting space for stimulating ideas, collaborations and discussions.

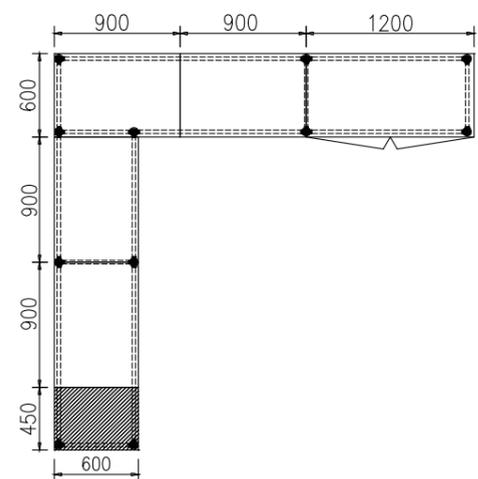

ELEGANT & FORMAL CONFERENCE SPACE

I-BEAM meeting table that comes in round shape with hollow space in the center part presents elegant and space solution for meeting or conference rooms. Power and data ports integrate on the worksurface provides the uses of laptops and conference call facilities during meetings straightforward. Netting modesty panels are optional choice.

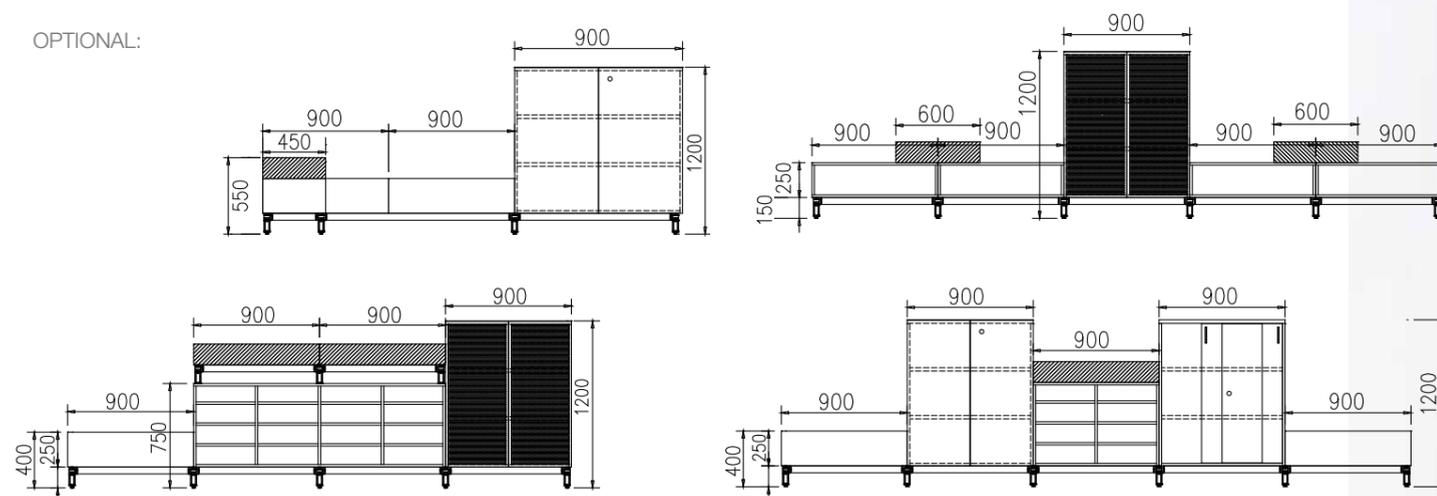

AN OPTIONAL SPACE FOR WAITING

I-BEAM bench designed as a waiting area in open space, lounge area or libraries. It combines integrated storage and bench together for a comprehensive solution in waiting area. The base in I-BEAM straight leg design, complement the I-BEAM bench.

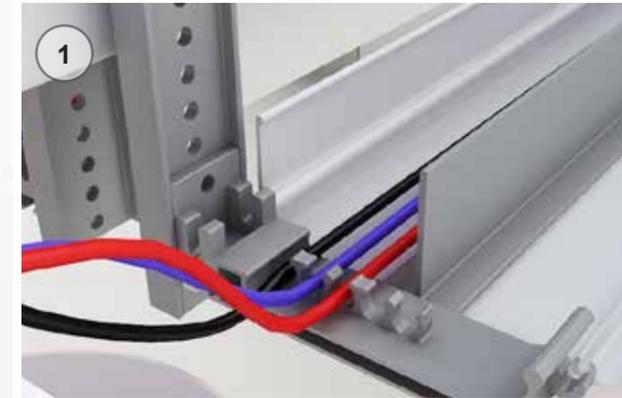

OPTIONAL:

SMARTLY ORGANISED

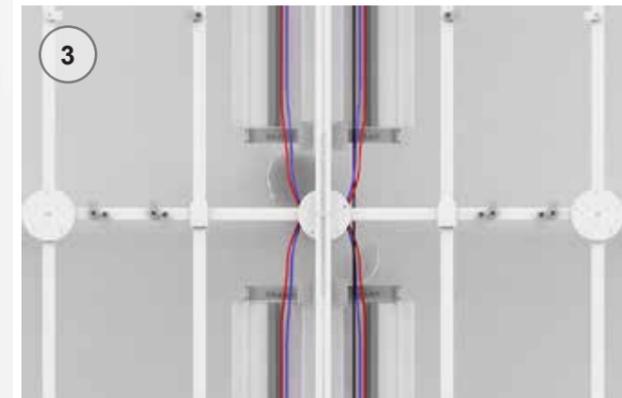

I-BEAM has a smart design in wire management to provide people an intuitive access to power and data. Cable from ground to worksurface via wire riser and wire tray.

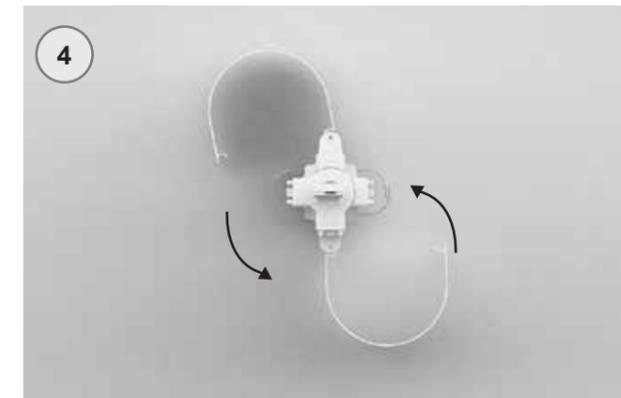

Aluminium wire tray comes with a PVC divider helps to keep the power and data cables discreet and in order.

Flip-up door on the worksurface allows people easy access to power and data within hand reach without cluttering the worksurface.

The wire riser routes the cables from ground and separates them tidily to those corresponding wire trays.

I-BEAM wire riser designed in pole shape for routing the cables from ground to wire tray. The special design of wire riser cover is opened by turning it in 90-degree to left and right side respectively.

OPTIONAL:

Massive High capacity cables route through the wire riser to the end of wire tray.

Adequate cables route through I-BEAM straight leg that equipped with nylon wire holder clips as an optional choices of wire management.

FEATURES

TABLE BUSH

Table bush is being applied on the table beam to act as a connector for the table top and creating a floating effect.

CABLE MANAGEMENT

That is a discreet cable distribution in I-Beam. The cables are well managed underneath the worktop by using the wire tray with nylon wire holder or wire riser. Cables are routed under the table top using wire tray that hooked to the metal beam with plastic wire tray holder. The wire tray can be adjusted easily from the holder.

TABLE SCREEN HOLDER

In I-BEAM system, table screen is mounting on the railway with aluminium die-cast U-bracket.

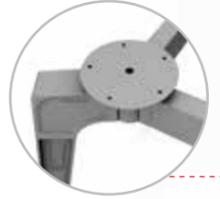

BEAM TO BEAM CONNECTOR

The metal connector clamps one beam to another beam in 90 degree to extend the workstation configuration.

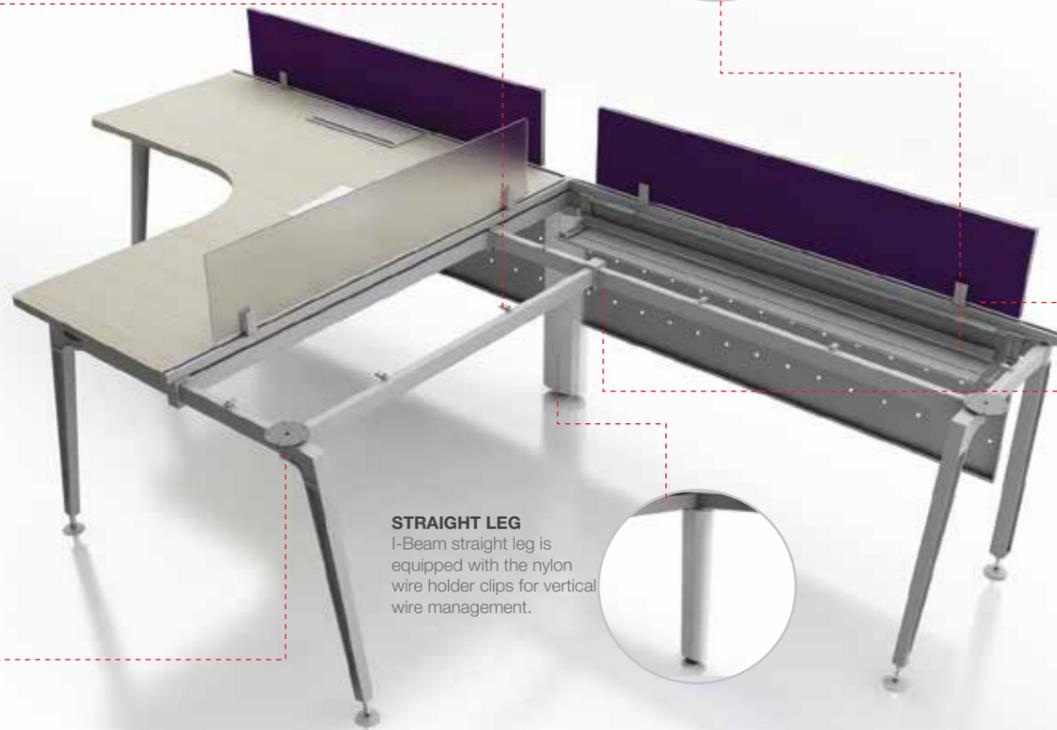

THE ANGLES OF THE LEG

The leg can be configured in a variety of angles, from 60 degree to 300 degree to provide the flexibility for user to define how the workplace looks.

STRAIGHT LEG

I-Beam straight leg is equipped with the nylon wire holder clips for vertical wire management.

CHOICES

WIRE TRAY

I-BEAM wire tray comes with two choices, which are aluminium wire tray and basket wire tray. Aluminium wire tray build in with an optional PVC divider which act as an barrier to separate the power, voice and data cables in the same tray.

Single Basket Wire Tray

Double Basket Wire Tray

Single Aluminium Wire Tray

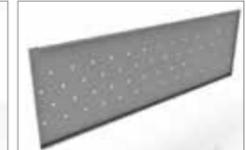

Double Aluminium Wire Tray

MODESTY PANEL

I-BEAM modesty panel is available in mesh netting and metal perforated design.

Mesh Netting

Metal Perforated

TABLE LEG FINISHES

I-BEAM legs are available in polish, chrome, and epoxy finishes apart from the straight leg which is only available in epoxy finishes. Epoxy finishes options: black, graphite, champagne, silver matt, silver metallic and tex white.

Tex White

Silver Metallic

Champagne

Black

TABLE SCREEN

I-BEAM privacy screen is available in I-Beam screen and IF panel. IF panel is a slim 18 mm panel with frameless design. While I-Beam screen is a groove edge designed 18 mm screen. Privacy screen finishes options: fabric, pinnable fabric, glass, whiteboard, polycarbonate.
